

Basic Detail Report

Covered Jar

Date

ca. 1905

Primary Maker

Louis Comfort Tiffany

Medium

Ceramic

Description

Molded ceramic covered jar. A squash plant with several vines, large leaves and a five-petaled flower is in relief on the body. The cover has a round finial and three vines in relief. The exterior and cover have a light bisque-like finish, the interior of the jar and the inside of the lid have a white underglaze with an additional green glaze with dark blue patches and speckles.

Dimensions

Overall: 9 1/4 in. (23.5 cm)
