

Candlestick & Shade

Date

ca. 1900

Primary Maker

Tiffany Studios

Medium

Bronze | Glass

Description

Bronze candlestick with Favrite shade. The base is decorated with dandelions in various heights of relief. Screwed into the stem is the candleholder. Around the hole of the holder is an applied string of metal beads. The Favrite shade is held in place by a small lip below the candleholder. The shade is transparent amber glass with eight applied lily pads of alternating heights. The interior and exterior of the shade have a multi-colored iridescence.

Dimensions

Overall: 19 3/4 in. (50.2 cm)
