

Basic Detail Report

Pair of Candlesticks with a Twisted Rib Scrolling Standard

Date

ca. 1890

Primary Maker

Salviati Dott. Antonio

Medium

Blown and applied glass

Description

Two identical objects. Colorless glass with traces of hot-applied gold leaf at the upper portion, and pale pink glass with traces of hot-applied gold leaf at the lower portion. Optic moldblown ribbed candle cup and drip cups with wavy rims. Stem is a complex, scroll-like creation made

from twisted rods that are covered with leaf and flower appliques. Foot has optic moldblown ribbed pattern.

Dimensions

13 1/2 in. (34.3 cm)
