

10 1/2 in. (26.7 cm)

Pair of Swan Compotes

Date

ca. 1890

Primary Maker

Salviati Dott. Antonio

Medium

Blown and applied glass

Description

Colorless glass with traces of hot-applied gold leaf. Optic moldblown net-like pattern, still proud, for bowl and foot. Wide, oblong bowl with deeply wavy rim; one swan neck and wings on rim facing outwards, with fanned tail feathers opposite. Hollow, optic-ribbed baluster stem.
